DETAILED ACTION

1. Claims 1 – 45 have been presented for examination. Claim 37 has been amended in an amendment filed 2/14/2004.

Terminal Disclaimer

2. The terminal disclaimer filed on 3/24/2005 disclaiming the terminal portion of any patent granted on this application which would extend beyond the expiration dates of 6005938 and 6292568 have been reviewed and is accepted. The terminal disclaimer has been recorded.

Allowable Subject Matter

1. Claims 1 – 45 are allowed.
2. The following is an examiner's statement of reasons for allowance:

The above mentioned claims are allowable over prior arts because the CPA (Cited Prior Art) of record fails to teach or render obvious the claimed limitations in combination with the specific added limitations, as recited in independent claim 1, 15, 29 and 37 and subsequent dependent claims.

The CPA does not teach or suggest a system or apparatus for representing entitlements for instances of services having entitlement IDs associated therewith in a receiver and having a starting entitlement ID and an indexed map of entitlement values for entitlements associated with instances of service, wherein the starting entitlement ID

is used with the entitlement ID associated with the given instance of service to determine an index into the map for determining the entitlement value associated with the given instance of service responsive to the entitlement value being a predetermined value, the receiver is entitled to the given instance of a service, and responsive to the receiver being entitled, the receiver grants access to the given instance of service.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
